

## WHAT'S HOT: Sexy Halloween Costumes

Halloween is the perfect time to play dress up with the help of Shirley of Hollywood's hot storybook-inspired costumes ([shirleyofhollywood.com](http://shirleyofhollywood.com)). Yes, we know, you may be more commonly found in butcherier gear (last year scores of lesbians were Harry Potter, Sponge Bob and a firefighter à la Dani Campbell). But Shirley's vast catalog of cute, sexy costumes is sure to set you apart from the goths and the ghouls. You'll have your pick of the tuffets when you hit the party as Little Miss Muffet. Or get a group together as the cast of Shirley in Wonderland, complete with the Queen of Hearts, the Mad Hatter and the Cheshire Cat—madness was never sexier. There's also a Cinderella costume and Sleeping Beauty. Be advised, though, if you choose the sexy Little (Les)Bo Peep garb, the flock is sure to be following you around all night. —KT
